About MAR (MD), LLC

MAR (MD), LLC, a Division of Oasis Systems, is a professional services firm with over 40 years experience providing superior technical and management services to government and commercial customers.

MAR is headquartered in Rockville, Maryland near Washington D.C., with offices in California, Florida, New Jersey and Idaho as well as Columbia, Maryland. Our offices are conveniently located near major government sponsoring activities and research organizations.

We have an outstanding administrative platform and an extensive history of past performance, as well as a coordinated management strategy that emphasizes communication, collaboration, quality control, and risk management. We are proud to be a “people-centric” company that respects each employee’s rights as a worker, while providing a stimulating working environment to promote and create advancement opportunities.

Additionally, our depth of experience in a variety of areas, paired with our efficient management structure, reinforce our ability to be responsive to our customers, employees, and teaming partners. We specialize in four inter-related, **Core Competency Areas:**

- **Cybersecurity and IT Services**
- **Intelligence and Special Programs**
- **Systems Engineering and Integration**
- **Marine Operations and Facilities Management**
